SACI CREDIT HOUR POLICY

Studio classes normally meet with instructors for 90 hours per term (including field trips); one semester hour of credit is awarded for two hours of work in class and at least two hours of work outside class per week. Academic classes normally meet with instructors for 45 hours per term (including field trips); one semester hour of credit is awarded for one hour of work in class and at least two hours of work outside class per week. Credits earned at other institutions by students in SACI's graduate programs cannot be transferred to SACI to fulfill requirements. When scheduling classes, SACI's Dean makes credit hour assignments for courses and programs that are consistent with applicable credit hour policies.
