

SACI SECURITY REPORT AND CRIME STATISTICS 2014, 2015, 2016

The **Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act** requires that colleges and universities make available to current students and employees statistics for the three most recent years on the reporting of criminal offenses on campus, on certain non-campus properties, and on certain public property areas. By October 1 each year, SACI's Director of Information Resources, Marie-Louise Lodge, posts the annual campus security report on this page of the SACI web site (see below).

During Orientation each term, SACI students are directly notified in writing by SACI's Assistant Dean about how to access the report and can request a paper copy of it. By October of 1 each year, SACI employees are directly notified in writing by the Director of Information Resources about how to access the report and can request a paper copy of it. A paper copy of SACI's annual campus security report may be requested by current or prospective students and employees by contacting Marie-Louise Lodge, SACI's Director of Information Resources, or by writing to her at the following address: Studio Arts College International, Palazzo dei Cartelloni, Via Sant'Antonino, 11, 50123 Florence, Italy.

During Orientation, SACI students are advised how to behave in ways that will minimize the likelihood that they will become victims of violent or non-violent crimes. Students are additionally informed how to proceed should they become victims of an on-campus or off-campus crime. They are told to contact as soon as possible **SACI's Title IX Coordinator, Daniela Barbato**. They are informed by SACI's Title IX Coordinator about the importance of preserving evidence for the proof of a criminal offense and they are informed about reporting it to the appropriate law enforcement officials. Students are given printed information about how to contact school and police authorities at any time of the day or night.

Should an internal institutional investigation determine that a SACI student is responsible for sexual assault, dating violence, domestic violence, or stalking, sanctions that SACI may impose depend on the seriousness of the violation and may range from mandatory counseling, housing relocation, housing expulsion, disciplinary suspension, or expulsion.

SACI employees are encouraged to attend all Orientation presentations in which security matters are discussed in detail.

Reports of alleged criminal activities should be filed at one of the following police stations:

Questura

(Central Police Station)
Via Zara 2
50129 Firenze

Carabinieri

Borgo Ognissanti 48
50123 Firenze

Commissariato di San Giovanni

(San Giovanni Police Station)
Via Pietrapiana 50r
50125 Firenze

Registries of sex offenders and those convicted of other crimes are not maintained by law enforcement officials in Italy; however, local courts in Italy maintain records of all criminal proceedings, and these records are available to the public. A list of fugitives from justice, which includes those who are sex offenders, may be found on a web site maintained by the Italian Ministero dell'Interno.

SACI maintains a crime log of all incidents reported to school authorities. This crime log, which lists any reported crime involving SACI students and/or employees that occurred on or adjacent to SACI's campus or in facilities leased by SACI, includes the nature, date, time, and general location of each reported crime as well as its disposition if known. Incidents are included within two business days, though certain limited information may be withheld to protect victim confidentiality, ensure the integrity of ongoing investigations, or to keep a suspect from fleeing. Only the most limited information necessary is withheld, and is subject to release once the adverse effect is no longer likely to occur. The log is publicly available during normal business hours for review by students, employees, and the general public. The information in the log remains open for sixty days and is subsequently available within two business days of a request. Requests to review the log should be made to the Director of Information Resources.

Whenever the Dean or Director of Information Resources considers a crime to pose an ongoing threat to SACI students and/or employees, a timely warning is issued to all members of the campus community. Reports should be made to one of the above-mentioned school officials for the purpose of making timely warnings and/or the annual statistical disclosure of alleged criminal activity. Crime victims and/or witnesses may report crimes to school officials on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics. In such instances, it is the policy of the school to safeguard the confidentiality of such disclosures. School administrators are required to advise those making such disclosures that for on-campus disciplinary action, law enforcement activity, and/or legal prosecution to proceed, the accused has the right to know the name of the accuser and the nature of the accusations.

SACI maintains direct contact with security officers at the US Consulate in Florence and the US Embassy in Rome. All US government alerts for US citizens abroad are posted at SACI in areas frequented by SACI students, employees, and visitors.

Although SACI does not maintain a campus police force or security department, SACI employs a private security agency to check daily on security after hours at the Palazzo dei Cartelloni in Via Sant'Antonino 11 and at the SACI Jules Maidoff Palazzo for the Visual Arts in Via Sant'Egidio 14.

SACI also maintains direct contact with the Carabinieri and state police officials (Questura) in Florence. Public law enforcement officers assigned to the areas including and adjacent to SACI regularly meet with SACI administrators to report on local security issues and to check on matters involving campus security. The school administrators maintain regular contact with local police authorities who monitor and report on criminal activity at off-campus locations frequented by SACI students. During Orientation, the Dean reviews with SACI students, during presentations that are open to SACI employees, security issues that will help students and employees to prevent becoming victims of crime, whether on-campus, in SACI housing, or off-campus. Many of these security issues are discussed on the SACI web site on the Security Guidelines page.

Also during Orientation, SACI housing administrators meet with all students in each residence leased for student accommodation by SACI to review safety issues particular to residence in that facility.

Visitors to SACI's principal educational facility at the Palazzo dei Cartelloni and to the SACI Jules Maidoff Palazzo for the Visual Arts must identify themselves at the Reception Desk. The doors to these facilities are locked, and the Receptionist checks on all visitors before unlocking the door so that they can enter the building. Video monitors are used by the Receptionist at the Palazzo dei Cartelloni and at the SACI Jules Maidoff Palazzo for the Visual Arts to monitor activity in the street outside and to identify visitors. Employees who work at the Reception Desk have undergone emergency training in first aid and fire safety and evacuation. First aid stations are located throughout SACI facilities in areas indicated to students during Orientation.

SACI has additionally developed a comprehensive emergency contingency plan for all students and employees. A general description of these emergency contingency procedures may be found on this website in the Policies section.
